Per [PML 2007-024](#), state employees on authorized travel status should use the least-costly option when parking at airports. However, if an agency/department determines that additional parking costs above the lowest-cost option are in the best interest of the state, a justification explaining the necessity for the additional cost shall be submitted with the employee's Travel Expense Claim (TEC).

Agencies/departments may consider the following items when determining if additional parking costs are in the best interest of the state:

- The direct expense, and
- The officer's or employee's time.
